

FREQUENCY+

PROFESSIONAL PEPTIDE CATALOG

About FREQUENCY+

FREQUENCY+ is a professional peptide portfolio developed to support practitioners with high-purity, precision-formulated compounds.

Our focus is consistency, reliability, and clarity—delivering products designed to integrate seamlessly into professional protocols.

Each compound is selected to support targeted applications across cognitive, recovery, metabolic, and longevity pathways.

PRECISION PEPTIDES

Perfectly Prepared

FREQUENCY+ peptides are provided in lyophilized powder form, designed for stability, precision, and flexibility in professional use.

SHELF STABILITY

-

Lyophilized format ensures maximum potency over extended periods.

FLEXIBLE PREPARATION

-

Allows for reconstitution with specific diluents based on protocol requirements.

PRECISION DOSING

-

Practitioners maintain full control over concentration and administration volumes.

QUALITY STANDARDS

-

All products are intended for professional and research use and must be handled according to professional standards.

NEUROCOGNITIVE & BRAIN HEALTH

SEMAX
5mg / 10mg / 25mg

Cognitive Modulator

-
Sharpens focus and memory by boosting natural brain growth factors.

SELANK + SEMAX
10mg

Neurocognitive Blend

-
Reduces anxiety and improves mental clarity without drowsiness.

SELANK
5mg / 10mg

Anxiolytic Peptide

-
Reduces anxiety and improves mental clarity without drowsiness.

DIHEXA
5mg / 10mg

Neurogenic Compound

-
Supports new neural connections to repair and enhance long-term brain health.

RECOVERY & TISSUE REGENERATION

KPV
5mg / 10mg

Anti-Inflammatory Peptide
-
Calms systemic inflammation and restores digestive comfort.

GHK-CU
50mg / 100mg / 200mg

Regenerative Copper Peptide
-
Boosts collagen and cellular health to rejuvenate skin and surface healing.

FREQUENCY+

Recovery & Tissue Regeneration

BPC-157
5mg / 10mg

Regenerative Peptide

-

Accelerates healing in tendons, ligaments, and the digestive tract.

TB-500
5mg / 10mg

Tissue Repair Peptide

-

Promotes systemic cellular repair and mobility for widespread recovery.

BPC-157 + TB-500
10mg / 20mg

Accelerated Recovery Complex

-

A powerful duo targeting specific injuries and total body repair.

METABOLIC OPTIMIZATION & WEIGHT MANAGEMENT

CAGRILINTIDE
5mg / 10mg

Amylin Analogue

-

Promotes satiety and metabolic balance by modulating glucose appearance in the blood.

CAGRILINTIDE + SEMAGLUTIDE
10mg

Synergistic Metabolic Blend

-

Targets multiple satiety pathways for comprehensive weight and glucose management.

RETATRUTIDE
10mg / 30mg / 60mg /
100mg

**Triple Hormone Receptor
Agonist**

-
Triple-pathway driver (GIP/
GLP-1/Glucagon) for
maximum fat oxidation.

TIRZEPATIDE
10mg / 30mg / 40mg / 60mg
/ 100mg

Dual GIP/GLP-1 Agonist

-
Dual-action optimizer for
energy processing and
blood sugar balance.

SEMAGLUTIDE
5mg / 10mg / 20mg

GLP-1 Receptor Agonist

-
Essential GLP-1 specialist for
appetite control and steady
glucose.

5-AMINO-1MQ
5mg / 10mg

NNMT Inhibitor

-
Increases NAD+ levels
and metabolic rate within
muscle tissue to support
body composition.

CELLULAR ENERGY & LONGEVITY

EPITHALON
50mg

Longevity Support

-

DNA-level support to extend cellular lifespan and promote healthy aging.

MOTS-C
10mg / 20mg / 40mg

Metabolic Regulator

-

Mimics exercise benefits by optimizing muscle energy use and insulin response.

FREQUENCY+

Cellular Energy & Longevity

SS-31
10mg / 50mg

Mitochondrial Bioenergetic

-
Stabilizes mitochondrial "engines" to maximize output and reduce cellular stress.

NAD+
500mg / 1000mg

Cellular Energy Precursor

-
Foundational fuel that recharges energy levels and triggers internal repair.

GLUTATHIONE
600mg / 1200mg / 1500mg

Master Antioxidant

-
Primary antioxidant that neutralizes oxidative stress and supports liver detox.

PERFORMANCE & ENDOCRINE SUPPORT

HGH

24iu / 36iu / 40iu

Endocrine Support

-

Essential catalyst for cellular regeneration and whole-body tissue maintenance.

TESAMORELIN

10mg / 20mg

GHRH Analogue

-

Targeted aid for reducing visceral fat via natural growth hormone release.

IPAMORELIN
5mg / 10mg

Growth Hormone Secretagogue

-
High-precision recovery support through balanced hormone stimulation.

IPAMORELIN + TESAMORELIN
5mg / 10mg

Synergy Complex

-
Synergistic blend for peak metabolic and hormonal performance.

CJC-1295 (w/ or w/o DAC)
5mg / 10mg

Growth Hormone Releasing Hormone

-
Optimizes pituitary output for lean mass and faster recovery.

THYMOSIN ALPHA-1
5mg / 10mg

Immune Modulator

-
Enhances T-cell activity to strengthen the body's natural immune defenses.

AESTHETICS & WELLNESS

GLOW
70mg

Aesthetic Complex

-
Triple-blend for skin rejuvenation and deep tissue repair.

KLOW
80mg

Advanced Aesthetic Complex

-
Advanced clarifying formula to target inflammation and skin tone.

PT-141
10mg

Melanocortin Agonist

-
CNS-targeted support to revitalize libido and sexual wellness.

MELANOTAN II
10mg

Melanocortin Agonist

-
Promotes natural tanning while supporting appetite and physical drive.

RECONSTITUTION SUPPORT

BAC WATER
3ml / 10ml / 30ml

Bacteriostatic Solution

-

The industry-standard sterile medium for professional reconstitution, formulated for multi-use stability and safety.
