## **WHAT IS FREQUENCY+**

Frequency+ is a professional peptide and bioactive compound system developed for licensed clinics, medical practices, and authorized distribution partners.

Produced in pharmaceutical-grade lyophilized vial format for stability, precision reconstitution, and protocol flexibility.

Structured to support metabolic, regenerative, and performance-based clinical programs, with scalable supply for expanding practices and networks.

Engineered for clinical integration.

**FREQUENCY+**

**METABOLIC /  
WEIGHT MANAGEMENT**

**FREQUENCY+**

## **SEMAGLUTIDE**

5mg / 10mg / 15mg / 20mg / 30mg

GLP-1 Peptide

*Supports appetite control  
and clinically proven weight reduction.*

**FREQUENCY+**

## **TIRZEPATIDE**

5mg / 10mg / 15mg / 20mg / 30mg / 40mg / 50mg / 60mg

**Dual GLP-1/GIP Peptide**

*Advanced metabolic support  
for enhanced fat loss and glucose control.*

**FREQUENCY+**

## **RETATRUTIDE**

5mg / 10mg / 15mg / 20mg / 30mg / 40mg / 50mg / 60mg

Triple GLP-1 / GIP / Glucagon Peptide

*Next-generation metabolic peptide  
targeting appetite and energy expenditure.*

**FREQUENCY+**

## **CAGRILINTIDE**

5mg / 10mg

Amylin Peptide

*Enhances satiety and complements  
GLP-1 weight management protocols.*

**FREQUENCY+**

## **MAZDUTIDE**

5mg / 10mg

GLP-1/Glucagon Peptide

*Supports appetite suppression  
and fat metabolism.*

**FREQUENCY+**

## **SURVODUTIDE**

10mg

GLP-1/Glucagon Peptide

*Enhances fat oxidation  
and metabolic efficiency.*

**FREQUENCY+**

## **AOD**

5mg / 10mg

**Fat-Loss Peptide**

*Supports lipolysis  
and targeted fat metabolism.*

**FREQUENCY+**

## **5-AMINO-1MQ**

50mg

Metabolic Modulator

*Supports cellular metabolism  
and fat reduction by targeting  
NNMT pathways.*

**FREQUENCY+**

## **CAG/SEMA**

10mg / 20mg

**Combination Peptide**  
*(Cagrilintide + Semaglutide)*

*Supports metabolic regulation,  
appetite control, and enhanced fat reduction.*

**FREQUENCY+**

## **CAG/RETA**

10mg / 20mg

**Combination Peptide**

*(Cagrilintide + Retatrutide)*

*Supports appetite regulation  
and enhanced fat metabolism.*

**FREQUENCY+**

**GROWTH HORMONE /  
PERFORMANCE**

**FREQUENCY+**

## **TESAMORELIN**

10mg

GHRH Peptide

*Stimulates growth hormone release  
to support visceral fat reduction.*

**FREQUENCY+**

**CJC + DAC**

5mg

Long-Acting Growth Hormone Peptide

*Provides sustained  
growth hormone stimulation.*

**FREQUENCY+**

**CJC No DAC**

5mg / 10mg

**Growth Hormone Peptide**

*Supports short-acting growth hormone stimulation and recovery.*

**FREQUENCY+**

## **CJC No DAC /IPA**

5mg / 10mg

### **Growth Hormone Peptide**

*Supports short-acting growth hormone stimulation and recovery.*

**FREQUENCY+**

## **CJC/IPA**

10mg / 10mg

### **Growth Hormone Peptide Stack**

*Supports natural growth hormone release, recovery, and body composition optimization.*

**FREQUENCY+**

## **TESA/IPA**

10mg / 20mg

**Growth Hormone Peptide Stack**

*Supports fat reduction, recovery,  
and metabolic optimization through  
GH stimulation.*

**FREQUENCY+**

## **IGF-1 LR3**

1mg

**Growth Factor Peptide**

*Supports muscle growth, recovery,  
and cellular regeneration.*

**FREQUENCY+**

## **KISSPEPTIN**

10mg

Hormonal Regulation Peptide

*Supports natural hormone signaling  
and reproductive health balance.*

**FREQUENCY+**

**AICAR**

50mg

**AMPK Activator**

*Promotes endurance  
and stimulates fat oxidation pathways.*

**FREQUENCY+**

**LONGEVITY /  
MITOCHONDRIAL**

**FREQUENCY+**

**MOTS-c**

40mg

Mitochondrial Peptide

*Enhances cellular energy metabolism  
and metabolic resilience.*

**FREQUENCY+**

**NAD+**

500mg / 1000mg

**Cellular Energy Compound**

*Supports mitochondrial function  
and cellular energy production.*

**FREQUENCY+**

## **SS-31**

10mg / 50mg

**Mitochondrial Peptide**

*Supports mitochondrial protection  
and cellular energy optimization.*

**FREQUENCY+**

## **EPITHALON**

10mg

Longevity Peptide

*Supports telomere health  
and cellular rejuvenation.*

**FREQUENCY+**

**ADM5**

5mg

ADAMTS-5 Inhibitor

*Selective ADAMTS-5 enzyme inhibitor  
associated with cartilage matrix preservation  
and joint structural support pathways.*

**FREQUENCY+**

## **GHK-Cu**

50mg / 100mg

Copper Peptide

*Boosts collagen production  
and supports skin and hair rejuvenation.*

**FREQUENCY+**

REGENERATIVE /  
RECOVERY

FREQUENCY+

## **BPC-157**

10mg

Regenerative Peptide

*Supports tissue repair  
and accelerated injury recovery.*

**FREQUENCY+**

## **TB-500**

10mg

Thymosin Beta-4 Peptide

*Promotes muscle recovery  
and cellular regeneration.*

**FREQUENCY+**

## **BPC-157 / TB-500**

10mg / 20mg

Regenerative Peptide Complex

*Accelerates tissue healing  
and musculoskeletal recovery.*

**FREQUENCY+**

## **GLOW**

70mg

### **Combination Peptide**

*(GHK-Cu + BPC-157 + TB-500)*

*Supports collagen production, tissue repair,  
and aesthetic skin rejuvenation.*

**FREQUENCY+**

## **KLOW**

80mg

**Combination Peptide**

*(KPV + LL-37 + BPC-157)*

*Supports immune balance, tissue repair,  
and cellular regeneration.*

**FREQUENCY+**

## **BPC10 / CU70**

80mg

Regenerative Complex

*Combines tissue repair  
and collagen stimulation support.*

**FREQUENCY+**

**LL-37**

5mg

Antimicrobial Peptide

*Supports immune modulation  
and tissue repair.*

**FREQUENCY+**

**KPV**

10mg

**Anti-Inflammatory Peptide**

*Supports gut health  
and inflammatory balance.*

**FREQUENCY+**

NEURO /  
HORMONAL

FREQUENCY+

## **SELANK / SEMAX**

10mg

Nootropic Peptide Stack

*Supports cognitive clarity,  
mood balance, and focus.*

**FREQUENCY+**

**DSIP**

10mg

Neuropeptide

*Supports sleep regulation  
and stress modulation.*

**FREQUENCY+**

**PT-141**

10mg

Melanocortin Peptide

*Enhances libido  
and sexual wellness support.*

**FREQUENCY+**

**MT-2**

10mg

Melanocortin Peptide

*Supports melanin production  
and tanning response.*

**FREQUENCY+**

**LIPOTROPIC /  
INJECTABLE SUPPORT**

**FREQUENCY+**

## **LIPO-C526**

10ml

Lipotropic Blend

*Supports metabolic function  
and fat breakdown.*

**FREQUENCY+**

## **LIPO-C216**

10ml

Lipotropic Blend

*Designed to enhance energy levels  
and metabolic performance.*

**FREQUENCY+**

## **LEMON BOTTLE**

10ml

Lipolytic Solution

*Supports targeted fat-dissolving  
aesthetic applications.*

**FREQUENCY+**

## **L-CARNATINE**

10ml

Amino Acid Compound

*Supports fat metabolism  
and energy production.*

**FREQUENCY+**

## **GLUTATHIONE**

600mg / 1200mg

**Antioxidant Compound**

Supports detoxification, cellular antioxidant defense, and overall skin vitality.

**FREQUENCY+**

# STERILE SUPPORT SOLUTIONS

**FREQUENCY+**

## **BAC WATER**

3ml / 10ml / 30ml

Reconstitution Solution

*Sterile water designed for  
peptide dilution and preparation.*

**FREQUENCY+**

## **ACETIC ACID Water**

3ml

Reconstitution Solution

*Sterile solution used for  
peptide preparation and stabilization.*
